## **ADDENDUM 1**

DESIGN/BUILD NEW BUS & TRUCK SERVICE LIFTS  
PROJECT  
RFP Bid# 2020/21:(R2)

NOVEMBER 13, 2020

TO ALL PROSPECTIVE BIDDERS:

Note: *The following Addendum shall become part of the contract documents and the bidder shall provide for all work as required by this Addendum. Acknowledge receipt of the Addendum on the Bid Proposal Form.*

### **Specifications/Clarifications:**

**1. Regarding the RFI pertaining to fingerprinting: (attached)**

Because the work in question will be performed on a site without students, the District will waive the requirement for fingerprinting of all of the contractor's employees and subcontractors. However, the District will still require that the contractor's lead employee in charge and on site be fingerprinted.

**2. Regarding the RFI pertaining to time extension: (attached)**

The District has no objection to a time extension from 60 days to 360 days to accommodate the engineering and manufacturing of the specified auto-lifts. The 360 days is to be considered a "worst case scenario" as it is the District's desire to complete the project BEFORE the allotted 360 days, if possible. Furthermore, the contractor is asked to provide the District with a letter from the lift manufacturer stating the anticipated lead-time for the manufacturing of the specified auto-lifts,
