Clarifications

Question: I understand that the district is inviting GC to bid CTE projects Rowland and Nogales HS, two separate buildings but in one bid, due August 24. However, there are two separate Bid Packages (Bid Form, Bid Bond, Sub List), one for each project. Will the district re-issue Bid Package to put two projects in one bid? Or we have to submit two Bid Forms and Bid Bond in separate envelopes? If this is the case, how will the district to determine who is lowest bidder, by adding two bid price together? Please be advised.

Answer: The Nogales High School and Rowland High School CTE Projects are being bid as separate projects with two unique Bid Numbers. During the mandatory job walks, two different Bid Packages were provided to prospective bidders. The required Bid Forms, Bid Bonds, Sub List, etc. need to be submitted for each project in separate envelopes. The projects will be awarded separately to the lowest responsive and responsible bidders.
